

F-1B Series Precision Electronic Balance**Characteristic:**

The LED display are suit for most use place.F-B series is widely used in industrial applications,laboratory and university because of it made of stable quality.We can use the under weighing functions to test the density.

Main Technical Parameter:

Model	F6001B	F10001B	F20001B	F30001B	F50001BF
Capacity(g)	610	1100	2100	3100	5100
Resolution(g)	0.1				
Min weighing(g)	0.4				
Stable time	≤2S				
Pan size	Ø130mm			160*160mm	
Operation temp	5-25℃				
Repeat ability	0.2g				
Liner	0.3g				
Cal. weight	200g	500g	1000g	2000g	
Option	RS232C & RS485、Printer				
Packing size	Inside:310*230*130mm		Outside:660*470*320mm		
G.weight	2.0/22kg
