

WYA-2S Digital abbe refractometer

Feature

- 1.It widely used in sugar refining, pharmaceutical, industries, food, petroleum, chemical industries and geological survey
- 2.Visual arm, optical reading with dial.
- 3.Small size, carry easy.
- 4.Constant temperature water flow.

Parameter

Model No.:	WAY-2S
Measuring range:	Refractive index nD: 1.3000-1.7000 Brix BX-TC: 0-95% Brix BX: 0-95%
Measuring accuracy:	Refractive index nD: ± 0.0002 Brix BX-TC: $\pm 0.1\%$ Brix BX: 0-95%:0.1%
Temperature:	Temperature displaying:0~50°C Correcting range of BX versus temperature:15-45°C
